PETITION

To the Honourable the Speaker and Members of the Legislative Assembly in the Parliament of Western Australia in Parliament assembled.

We, the undersigned, say that we oppose the granting of the license to allow the Sale of Horse Meat for Human Consumption in Western Australia, granted by Minister Terry Redman to Mr Vince Gareffa.

We now ask the Legislative Assembly to review and revoke the license immediately based on the complete absence of any Australian Industry Standards for the welfare, slaughter and sale of Horse Meat for human consumption. We oppose the sale due to the lack of due process in the granting of this license, no considerations were made to ensure the welfare and health of these horses and the process of slaughter and supplying horse meat for human consumption. Minister Redman and Mr Gareffa also refuse to provide details of the horses selected and supplied for slaughter, which provides the public with no assurance that the meat is fit or SAFE for human consumption. We also oppose the sale of Horse Meat based on the cultural beliefs and traditions within Australia, where we do not consume our companion animals.
